

International Conference on Optics, Information Processing and Renewable Energy

Call For papers

Since its founding in 1998, the International Conference on Optics, Information Processing and Renewable Energy is co-organized by the Moroccan Society of Optics and a Moroccan University. The 10th edition will be held in Kenitra, Morocco, on 22-23 November, 2018. This Scientific event is a forum for Researchers, PhD Students and Industry leaders to present, discuss and publish their recent research results in the fields of Optics, Information Processing and Renewable Energy and to share experience with others coming from all over the world. The conference includes keynote lectures by eminent scientists as well as oral sessions.

Topics :

Session A: Optics	Session B: Information Processing	Session C : Renewable Energy
<ul style="list-style-type: none"> ▪ Fiber optics ▪ Optoelectronics & Nanophotonics ▪ Metrology, Instrumentation ▪ Nonlinear and Spatial optics ▪ Lasers and Applications ▪ Optics and Materials ▪ Holography and Interferometry ▪ Atomic & Molecular spectroscopy ▪ Optical, Biophotonics and Plasmonic imaging. 	<ul style="list-style-type: none"> ▪ Image, Video and Signal Processing ▪ Optical communications and Networking ▪ Remote sensing, and Classification ▪ Indexing, Multimedia, Stereo-vision ▪ Artificial intelligence ▪ Estimation and Prediction ▪ Optical computing and Optical storage ▪ Embedded and Intelligent systems ▪ Radar, Microwave and Antennas. 	<ul style="list-style-type: none"> ▪ Photovoltaic and Solar Energy ▪ Energy Efficiency ▪ Wind, Wave and Tidal Energy ▪ Thermal Energy and Heat Transfer ▪ Fuel Cell, Biogas, Biomass ▪ Control systems for Renewable Energy ▪ Concentration, Storage and Energy Management ▪ Smart Grids and Power Plant ▪ Materials for Renewable Energy.

Honorary Chairs

A. El Midaoui, President of Ibn Tofail University
A. Essamri, Dean of faculty of Sciences Kenitra

Steering Committee

M. Semlali, ex-President of SMOP
