

AVIS de SÉMINAIRE

Dans le cadre des activités scientifiques du Master Spécialisé:
Systèmes de Protection des Métaux: Conception et
Environnement, un séminaire sera animé par :

Prof. Dr. Zaki S. Safi

Al-Azhar University – Gaza, Palestine

Density functional theory and corrosion inhibition: Principles and applications

**Le 22/11/2022 à 9h30, à l'amphi 1 de la
faculté des Sciences -Kénitra**

Prof. Dr. Zaki Sulieman Safi

Chemistry Department, Faculty of Science, Al Azhar University of Gaza
Universidad Autonoma de Madrid- Spain

- 2004: Ph. D: Quantum and Classical Chaos of the Vibrational States of HCP molecule
2002: Universidad Autonoma de Madrid- Spain
Diploma of advance studies: On the Vibrational frequencies of HCP molecule
1998: Al-Azhar University of Gaza & UMIST, Palestine-UK
MS. C.: Synthesis and Characterization of Organophosphorus and organoarsenic
Halogen Compounds
1991: Al Mansoura University, Egypt
B. Sc. in Chemistry

Publications: h-index: 20 (scholar) , i0index: 36
total number of citation:1518
Number of published articles: 82
Number of chapters in books: 4
Number of proceeding and conferences : 21
Number of manuscripts review for journals: > 60
